

Minutes of the 57th Meeting of Central Sub-Committee on Crop Standards, Notification and Release of Varieties for Agricultural Crops held under the Chairmanship of Prof. S.K. Dutta, Deputy Director General (Crop Sciences), ICAR, on 10th October, 2010 at Central Research Institute of Jute and Allied Fiber (ICAR), Barrackpore, Kolkata – 700120 (WB).

The Chairman, Central Sub-Committee on Crop Standards, Notification and Release of Varieties for Agricultural Crops welcomed members of the Sub-committee, and special invitees. The list of the participants who attended the meeting is annexed as Annexure-I.

Member-Secretary of the Sub-committee provided the account of the earlier Committee and its follow-up action and the issues to be discussed by this Sub-committee. After introduction regular agenda items were taken-up for discussion as under:-

Item No.1: Confirmation of the minutes of 56th meeting of Central Sub Committee on Crop Standards, Notification and Release of Varieties for Agricultural Crops held on 27th & 28th June, 2010 *National Biodiversity Authority, 5th Floor, TICEL Bio Park, Taramani Road, Taramani, Chennai - 600 113.*

The minutes of 56th meeting of Central Sub Committee on Crop Standards, Notification and Release of Varieties for Agricultural Crops has been circulated vide letter No. 3-2/2010-SD.IV dated 16th July, 2010, therefore, the minutes of the meeting were confirmed. Gazette Notification has been issued vide SO 2137(E) dated 31st August, 2010 for the cultivars recommended by the Committee.

Item No.2: Review of follow up action of the 55th meeting of Central Sub Committee on Crop Standards, Notification and Release of Varieties for Agricultural Crops.

Wheat variety AKAW-4627 had been considered and recommended by 55th meeting of the Sub-Committee for release and notification, subject to indicating name of the State of the Zone. Now, the sponsoring authority provided the required information regarding the State where it is suited for cultivation i.e. Maharashtra and Karnataka. Therefore, the Committee recommended notification.

Item No.3: Release and notification Proposals received for consideration in the 57th Meeting of Central Sub Committee on Crop Standards, Notification and Release of Varieties for Agricultural Crops.

The following proposals have been received for consideration in the 57th meeting of the Sub-Committee for release/notification (Central varieties) and the particulars of the same are given as under:-

Table – 1

Following varieties recommended for release/notification.

Sl. No.	Crop	Name of the variety	Recommended area
1	Rice	Chinsurah Rice (IET 19140) (CNI 383-5-11)	1. Recommended for release and cultivation in the States of Andhra Pradesh, Tamil Nadu, Gujarat, Orissa and West Bengal under irrigated conditions. Medium duration. Average Yield 5500 Kgs/ha. 2. Recommended for notification to entire country for purpose of seed pest quality control.
2	Rice	IGKVR-1 (IET 19569)	1. Recommended for release and cultivation in the States of Chhattisgarh, Madhya Pradesh and Orissa under both irrigated and rainfed conditions. Tolerant to Gall midge, Biotic-1 & 2. Moderate resistance for leaf blast, sheath blight. Maturity mid-early group. Average Yield 5.1 tone/ha. 2. Recommended for notification to entire country.
3	Rice	IGKVR-2 (IET 19795)	1. Recommended for release and cultivation in the States of Chhattisgarh, Bihar and Orissa under both irrigated and rainfed conditions. Maturity medium group. Resistance to BPH, WBPH, blast and BLB. Average Yield 5. tone/ha. 2. Recommended for notification to entire country.
4	Rice	CR Dhan 401 (REETA) (IET 19969)	1. Recommended for release and cultivation in the States of Orissa, West Bengal, Tamil Nadu and Andhra Pradesh under irrigated late sown conditions as well as shallow rainfed lowland. Late maturity group, 145 – 150 days. Resistant to leaf blast neck blast and sheath blight. 2. Recommended for notification to entire country.
5	Rice	CR Dhan 601 (IET 18558)	1. Recommended for release and cultivation in the Boro Area of Orissa, West Bengal and Assam. Maturity 160 days. Resistant to Leaf Blast & RTV. 2. Recommended for notification to entire country.

6	Rice	CR Dhan 501 (IET 19189)	1. Recommended for release and cultivation in the Semi deep water condition of Uttar Pradesh and Assam. Maturity late duration 152 days. Average yield 40 Qtls./ha. 2. Recommended for notification to entire country.
7	Rice	RC Maniphou 11 (IET 20193)	1. Recommended for release and cultivation in the terraced area of Meghalaya and Manipur Hills both under irrigated and rainfed conditions. Maturity 132-135 days. Resistance to blast and moderately resistance to nick blast. Average Yield 56.80 Qtls./ha. 2. Recommended for notification to entire country.
8	Maize (Hybrid)	MCH 36 (DKC 9099)	1. Recommended for release and cultivation in the States of Karnataka, Tamil Nadu and Maharashtra in Kharif Season under irrigated and rainfed conditions. Full maturity – 99days. Torant to BLB, Stalk rot, DM and rust. Average Yield 92.75 Qtls./ha. 2. Recommended for notification to entire country.
9	Pearl Millet (Hybrid)	86M64 (MSH 203)	1. Recommended for release and cultivation in the States of Rajasthan, Gujarat, Maharashtra and Tamil Nadu in summer season. Resistant to downy mildew. Medium maturity 80-85 days. Average yield 50.43 Qtls./ha. 2. Recommended for notification to entire country.
10	Pearl Millet (Hybrid)	MH 1540 (86M64)	1. Recommended for release and cultivation in the States of Andhra Pradesh, Karnataka, Tamil Nadu and Maharashtra under normal Kharif season. Medium maturity group 80-85 days. Average yield 31.48 Qtls./ha. 2. Recommended for notification to entire country.
11	Pearl Millet (Hybrid)	MH 1541 (86M53)	1. Recommended for release and cultivation in the States of Andhra Pradesh, Karnataka, Tamil Nadu and Maharashtra under normal Kharif season. Medium maturity group 78-80 days. Average yield 34 Qtls./ha. 2. Recommended for notification to entire country.
12	Linseed	Ruchi	1. Recommended for release and cultivation in the States of Uttar Pradesh (except Bundelkhand),

		(LCK 5021)	Bihar, Assam, West Bengal and Jharkhand under timely sown irrigated condition. Maturity 134 days. Fiber yield 1055 Kgs./ha, See yield 1366 kgs./ha. Oil contents 39.84 percent. Flower colour is blue. 2. Recommended for notification to entire country.

Table – 2

Following varieties recommended for extension of area.

Sl. No.	Crop	Name of the variety	Recommended area
1	Rice	CR Boro Dhan-2 (IET 17612)	The cultivar under reference has already been notified vide Gazette Notification No. 2458(E) dated 16.10.2008 for cultivation of Orissa State. Now, the Committee recommended for extension of area for Boro cultivation at Assam. Resistant to blast. Tolerant to sheath blight. Maturity 135-140 days.
2	Rice (Hybrid)	Rajalaxmi (IET 19600)	The cultivar under reference has already been notified vide Gazette Notification No. 1572(E) dated 20.09.2006 for cultivation of Orissa State. Now, the Committee recommended for extension of area for Boro cultivation at Assam. Medium maturity, 125-130 days. Moderate resistant to leaf blast and sheath blight. Average yield 58 Qtls./ha.

Table No. 3

Following varieties have been recommended for release/notification, subject to certain conditions as stated against each:-

Sl. No.	Crop	Name of the variety	Remarks
1	Rice (Hybrid)	CR Dhan 701 (IET 20852) (CRHR-32)	1. Recommended for release and cultivation in the States of Bihar and Gujarat under late shallow low land and irrigated condition. Mid-late maturity 142 days. Moderate resistance to leaf blast. Average Yield 50Qtls/ha. 2. Recommended for notification to entire country, subject to submission of the descriptor of male and female parents.

Table No.4

Following varieties have been deferred/rejected for notification, for the reasons stated against each:-

Sl. No.	Crop	Name of the variety	Remarks
1	Rice (Hybrid)	27P11 (IET 19766)	The cultivar under reference has been deferred for want of information about the seed production methodology, the time gap between male and female maturity, mode of the development and inadequate parentage details.
2	Maize (Hybrid)	Bisco 855 (Bisco Bhim)	The cultivar under reference has been deferred for want of information about the seed production methodology, mode of the development, parentage details, registration particulars with Ministry of Science and Technology to conduct the research and development.
3	Maize (Hybrid)	Bisco 555 (Bisco Ujala)	The cultivar under reference has been deferred for want of information about the seed production methodology, mode of the development, parentage details, registration particulars with Ministry of Science and Technology to conduct the research and development.
4	Maize (Hybrid)	Bisco 111 (Bisco 840)	The cultivar under reference has been deferred for want of information about the seed production methodology, mode of the development, parentage details, registration particulars with Ministry of Science and Technology to conduct the research and development.
5	Cotton (Hybrid)	Nirmal-12 (NACH-12)	The cultivar under reference has been deferred for want of parentage details, seed production methodology and registration particulars with Ministry of Science and Technology to conduct the research and development.

Item No. 4: Proposals received for consideration of notification (State varieties) in 57th Meeting of Central Sub Committee on Crop Standards, Notification and Release of Varieties for Agricultural crops.

The following proposals for notification (State Varieties) are received for consideration in the 57th meeting of the Sub-Committee:

Table No. 5

Following varieties have been recommended for notification

S. No.	Crop	Variety	Sponsoring State
1	Rice	VAMSADHARA (RGL-11414)	Andhra Pradesh/2010
2	Rice	Akshaya	Andhra Pradesh/2010
3	Rice	JGL 11470 (Jagtial Mahsuri)	Andhra Pradesh/2010
4	Rice	JGL 3855 (Karimnagar Samba)	Andhra Pradesh/2010
5	Rice	Bhavapuri Sannalu	Andhra Pradesh/2010
6	Rice	SUGANDHA SAMBA (RNR - 2465)	Andhra Pradesh/2010
7	Wheat	Raj 4079	Rajasthan/2010
8	Wheat	CCNNRV01 (Raj Molya Rodhak-1)	Rajasthan/2010
9	Sorghum	Pratap Chari 1080	Rajasthan/2010
10	Chickpea	RSG-974 (ABHILASHA)	Rajasthan/2010
11	Groundnut	RARS-T-1 Groundnut	Andhra Pradesh/2010
12	Groundnut	RARS-T-2 Groundnut	Andhra Pradesh/2010
13	Groundnut	Pratap Raj Mungphali	Rajasthan/2010
14	Groundnut	RG 425	Rajasthan/2010
15	Soyabean	RKS-24	Rajasthan/2010
16	Cotton	Orugallu Krishna (WGHH-2)	Andhra Pradesh/2010
17	Sugarcane	Co 92005	Maharashtra/2009
18	Cluster bean	GUAR KUNJAL (RGC - 1033)	Rajasthan
19	Babchi	Pratap Babchi-1	Rajasthan/2010

Table No. 6

Following varieties have been deferred for the reasons stated against each

S. No.	Crop	Variety	Sponsoring State	Remarks
1	Rice	Motigold (NP 1024)	Andhra Pradesh /2010	Deferred for want of parentage details, recommendations of the Workshop and the trial data

				particulars.
2	Rice	SONAL (NP 3114) (IET 18299)	Andhra Pradesh/2010	Deferred for want of parentage details, recommendations of the Workshop and the trial data particulars.
3	Maize	Pratap Hybrid Maize-2 (EH-1389)	Rajasthan/ 2010	Deferred for want of All India Coordinated Trial Data on diseases.
4	Field Bean	Tirupati Field Bean-2	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases.
5	Red Gram	Tripudi Kandi- 1	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases.
6	Castor	JI-273 (GC 3)	Gujarat/2007	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.
7	Castor	PCH-111	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.
8	Groundnut	ANANTHA	Andhra Pradesh/2010	Deferred for want of NBPGR Certificate.
9	Safflower	TSF-1 (Tandur Kusuma)	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.
10	Cotton	NDLA-2933	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.
11	Sugarcane	97 A 85	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.
12	Sugarcane	2000 V 59	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on

				diseases, IC number from NBPGR and adequate morphological characters.
13	Sugarcane	2003 V 46	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.
14	Sugarcane	CoVSI 9805	Maharashtra/2009	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.
15	Jatropha	BALAJI	Andhra Pradesh/2010	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters. The name of the cultivar is to be changed as it reflects the God name, which is not permitted for notification.
16	Sunflower	Phule Raviraj (KSFH 437)	Maharashtra/2010	Deferred for want of All India Coordinated Trial Data on diseases, IC number from NBPGR and adequate morphological characters.

Item No. 5: Withheld of notification of Wheat Cultivar Pusa Basant (HD 2985) and Pusa Bahar (HD 2987) for want of clarification about the authorship from Project Director, Directorate of Wheat Research (ICAR), Karnal.

Item No. 6: Request for Notification of rejected Wheat variety Pusa Borlaug (HD 2967).

The Sub-Committee reviewed the position about the items (No. 5 and 6) stated above and it was decided to obtain the experts' opinion on these issues for which as a follow-up action a meeting would be convened by the ICAR and to provide the resolution to sort out the issues of authorship of the Wheat (HD 2985) and Pusa Bahar (HD 2987) as well as the yields performance and disease resistance of wheat Borlaug (HD 2967) so as to put up these proposals for the forthcoming Sub-Committee Meeting.

Item No. 7: Drafting the content of Notification.

Additional Secretary (AB), DAC while reviewing the content of the notification being issued by the DAC pointed out that “the need for Central notification for seed varieties released by the State needs to be revisited. It seems that the only purpose of Central notification is to allow the released seed to be produced in other States (for which one year trials are conducted under AICRP for collecting evidence to ensure that the seed is resistant to pests and diseases in the States where it is to be produced). We do not, apparently, evaluate the performance of such seed on the grounds that this has already been done by the State Committee. Furthermore, the wording of the Central notification for release of seed varieties is misleading and seems to suggest that the impugned varieties are recommended for cultivation throughout the country. We should, in the notification, make it clear that the varieties are being released on the advice of the State Seed Committee (on evaluation through multi-locational trials) and are recommended for cultivation only in the State of their release but whose seeds can be produced in any other State as well. This will prevent the seeds from being sown in areas which are not suitable for their cultivation.”

The views of the AS (AB) have been taken into consideration with regards to drafting the notification. Accordingly, following notification has been suggested in consultation with DAC so as, to convey the proper meaning and purpose of the notification.

S.O. _____ In exercise of the powers conferred by section 5 of the Seeds Act, 1966 (54 of 1966), the Central Government, after consultation with the Central Seed Committee, being of the opinion that it is necessary and expedient to regulate the quality of the seeds of the varieties specified in column (3) of the Table below of the kinds specified in the corresponding entries in column (2) of the said Table, to be sold for purposes of agriculture, hereby declares that the said varieties of seeds shall be the notified varieties for the whole of India for purposes of seed production and quality control and the said varieties are further recommended for release and cultivation in States specified in column (4) of the Table.

Table

Sl. No.	Kind	Variety	States
1	2	3	4

Note: For further details of adaptability, morphological character, special features etc. refer to minutes of _____ meeting of sub-Committee on Crop Standards.

Item No. 8 Notification of Paddy variety Sahbhagi dhan.

The Paddy variety Sahbhagi Dhan (IET No.19576) IR 74371-70-1-1-CRR-1) was deferred in the 54th Sub-committee meeting, for want of clarification on the authorship and parentage details and the Sponsoring Authority was advised to re-submit the revised proposal along with the required information for consideration.

The Sponsoring Authority re-submitted the proposal without providing the required details regarding authorship and parentage. In fact they have submitted the same proposal, which was submitted to the 54th Sub-committee.

The Committee noted that the sponsoring authority has not made any efforts to clarify lacuna which has been pointed out by the 54th Sub-committee. Hence, the Committee directed to the sponsoring authority to look into the decision of the 54th Sub-committee and to clarify the position. The Committee further would also like to know what intervention was made in the proposal.

Besides to the above, the Committee took the following decision:-

1. Breeders/sponsoring authority should prepare themselves to provide the information with regards to DNA Marker/Finger Printing, prime number, etc. of the variety proposed for notification from 1st January, 2011 onwards.
2. While submitting the proposal, they should provide lucid photograph of the field, individual plant, cob, rachis, grain, etc. so as to consider physical appearance the cultivar.

Meeting ended with a vote of thanks to the Chair.
